## COPPER QUEEN SEED LIBRARY

### OPENS MARCH 6 WITH PRESENTATION BY BILL COOK

The Copper Queen Seed Library is set to open on Tuesday, March 6 with a presentation by Bill Cook program coordinator for horticulture of the University of Arizona Cooperative Extension. The Seed Library features heirloom seeds that were acquired through donations from Native Seeds/SEARCH of Tucson, Baker Creek Heirloom Seeds of Missouri, High Mowing Organic Seeds of Vermont, as well as seeds donated by local gardeners including Marcia Gibbons and Cook himself. Patrons are encouraged to check out up to ten packets of seeds each month. Checkout our Seed Directory which is available for perusing at the library or online at [copperqueenlibrary.com](http://copperqueenlibrary.com).

As a part of the Seed Library and the library's commitment to foster a gardening community, the CQ Library will host a series of monthly garden talks every second Tuesday at 2 PM in the meeting room. Talks will be informal and discussion is encouraged. Early talks will focus on the Seed Library and learning how to save seeds. Though returning seeds is not required, it is highly recommended to make our Seed Library sustainable.

## CALLING ALL POETS!

CHECK OUT THE INTERNET!

Patrons of the Copper Queen Library will soon be able to check out an internet hotspot thanks to a grant from the Arizona State Library. With this program, students can use the internet at home for help with school work, job seekers can search and apply for jobs, and patrons can have home access to the library's digital resources such as our research databases, eBooks, and digital magazines, as well as general access to the internet. All you need is a WiFi enabled device such as a laptop or smart phone and a library card that is in good standing. You must be at least eighteen years old and not have internet service at home. Stay tuned for more information, as we hope to roll out this new service in the next couple of months.

## Royale MARCH Movie

Eighty-nine-year old Agnes Varda, one of the leading figures of the French New Wave, and acclaimed 33 year-old French photographer and muralist JR teamed up to co-direct this enchanting documentary/road movie. Kindred spirits, Varda and JR share a lifelong passion for images and how they are created, displayed and shared. Together they travel around the villages of France in JR's photo truck meeting locals, learning their stories and producing epic-size portraits of them. The photos are prominently displayed on houses, barns, storefronts and trains revealing the humanity in their subjects, and themselves. *Faces Places* documents these heart-warming encounters as well as the unlikely, tender friendship they formed along the way. Nominated for a 2018 Academy Award for Best Documentary and winner of the National Society of Film Critics Award for Best Non-Fiction Film, *Faces Places* will debut at the Bisbee Royale on Wednesday, February 14 at 6 PM. Sponsored by the Friends of the Copper Queen Library.
