

City of Bisbee Shared Use Path — Lavender Pit East Segment

IFB Addendum #2

Clarification of Bid Deduct Quantity Discrepancies

The following discrepancies were noted in the bid tabs for Bid Deduct items 2 and 3. Please see the corrections noted below:

1. Under Bid Deduct 2, bidders are instructed to subtract 2122 LF of Concrete Barrier (C-10.41) and add in 2122 LF of Concrete Barrier (C-10.40). Under the base bid, there is only 2117 LF of Concrete Barrier (C-10.41), meaning the deduction will refund more concrete barrier than is quantified in the base bid for that item.
CORRECTION: The quantity of the deduct item (2122 LF of Concrete Barrier) is an error. Please apply the same quantity for Concrete Barrier shown in the Base Bid (2117 LF) to the Concrete Barrier options in the Bid Deduct.
2. Under Bid Deduct 3, bidders are instructed to subtract 2122 LF of Concrete Barrier (C-10.41) and add in 448 LF of Concrete Barrier (C-10.40). Under the base bid, there is only 2117 LF of Concrete Barrier (C-10.41), meaning the deduction will refund more concrete barrier than is quantified in the base bid for that item.
CORRECTION: The quantity of the deduct item (2122 LF of Concrete Barrier) is an error. Please apply the same quantity for Concrete Barrier shown in the Base Bid (2117 LF) to the Concrete Barrier options in the Bid Deduct.
3. Under Bid Deduct 2 and Bid Deduct 3, bidders are instructed to subtract 3369 LF of Concrete Barrier (C-10.44) and add in 3369 LF of Concrete Barrier (Modified C-10.44, 32" Height). Under the base bid, there is only 3359 LF of Concrete Barrier (C-10.44). This would refund more concrete barrier than is quantified in the base bid.
CORRECTION: The quantity for the bid deduct item of 3369 LF of Concrete Barrier is a typo. The correct quantity for this Deduct item is 3359 LF of Concrete Barrier.

Reminder: All bids are due by 3:00 pm on Thursday, July 9, 2026.
