STUDENT RESOURCES

The Copper Queen Library is proud to support the students of the Bisbee Unified School District, as well as other schools throughout Cochise County, and those students in home school. Our partnership with the BUSD to add our library card registration to their school registration has made it easier for students to sign up for a library card and take advantage of all the great resources the library offers. If you still don't have a library card, registration forms are available both at the library and your school's office. Questions? Give us a call at 520-432-4232 or visit our website at copperqueenlibrary.com. On the left-hand side of the screen, you will see a tab for BUSD Resources which consolidates all of the library education resources onto one easy-to-use page.

FREE ONLINE PRACTICE TESTS

Gale's *Testing & Education Reference Center* is a free, valuable online tool that helps students of all ages with standardized test preparation,

researching undergraduate and graduate programs, finding tuition assistance, and exploring careers. Users get instant access to over 300 practice tests and courses, including High School Advanced Placement, GED, ACT, CLEP, PSAT, SAT and many others. Users also can obtain information on over 4000 accredited schools and \$8 billion in available scholarships. Access Gale's Testing & Education Reference Center by visiting copperqueenlibrary.com and clicking on the Research Databases icon on our homepage. While in the Virtual Library, check out some of the other exciting databases available for you!

A Copper Queen Library card also gives you online access to auto repair, genealogy, and legal databases. And don't forget about downloadable eBooks, eMagazines, and eAudiobooks! Sign up today at the library or in your school's office.

RESEARCH PAPER DATABASES

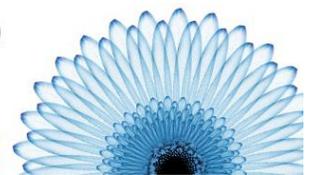

Attention Pumas! Did you know that Gale research databases are available to every library patron free of charge, thanks to the Arizona State Library? Gale's *In Context* suite contains current, authoritative, media-rich information in a user-friendly, mobile-responsive design format. Eye-catching, engaging, topical databases – **Biography, Global Issues, Literature, Opposing Viewpoints, Science, Student Resources, U.S. History, World History** – seamlessly integrate trusted content with curriculum-aligned materials that span core subjects. These research databases have been approved by the BUSD for students to use for classroom projects and research papers. And users can read or watch to get the facts with articles, videos, charts, images and infographics. To access this wealth of information, visit us at copperqueenlibrary.com and click on the research databases icon on our homepage.

RESEARCH MATTERS.

How your research matters, too.
